

**REQUEST FOR PROPOSAL**  
**CONCESSIONS OPPORTUNITY**

**Addendum No. 2**

**March 19, 2019**

Item	Change/Clarification
Attachment 1 – Package Document	Added LODs to Attachment 1  <a href="https://www.dfwairport.com/concessions/solicitations/current/index.php">https://www.dfwairport.com/concessions/solicitations/current/index.php</a>

Questions	Answers
Will DFW be providing photos and dimensions of the existing locations for the purposes of submitting designs? If not, could DFW arrange an escort to view the location inside of customs?	LODs are now available at <a href="http://www.dfwairport.com/concessions/solicitations/current">www.dfwairport.com/concessions/solicitations/current</a> in Attachment 1: Package Document.
At this point we understand we do not need to resort to architects for the designs to be included in Section G- Location Design. We assume it is enough to widely explain and send some images to give an idea of what our potential outlets will be like. Kindly confirm.	You will need to complete section G in the RFP on page 28.  LODs are now available at <a href="http://www.dfwairport.com/concessions/solicitations/current">www.dfwairport.com/concessions/solicitations/current</a> in Attachment 1: Package Document.

Please continue to check our website [www.dfwairport.com/concessions](http://www.dfwairport.com/concessions) for updates.
